Subject: 20mph

Dear all,

IF Appleton Wiske were to become an area where enforcement of 20mph happens, can it be clarified whether it will be a 20mph limit, or a 20mph zone. This may not happen as Rishi Sunak is opposed to widespread 20mph implementation.

The attached fact sheet provides information between limits and zones. Notably a zone could see the introduction of road humps and other vehicle speed limiting measures.

Maybe the residents should be also be consulted if they are agreeable to a £500 contribution to signage. It could possibly be put to better use.

Kind regards
Monica & Andrew Simpson
